

Space Race Play-test Survey

Thank you for taking the time to play our game and provide feedback on its current state. We are very excited to show off where we are at in its development, and your feedback will be incredibly useful to us as we move forward from here. A lot of times, game developers are too close to their games to be able to see some of the most important issues with them, and as someone new to the game, your perspective can find problems that we can't. Please be as brutally honest as possible with your responses as we would rather make a great game than avoid having our feelings hurt.
